

Welcome to Modern Languages Department

Subject Leader: Mr C Williamson

Teachers: Mrs R Rigby, Miss H Taylor, Miss T Mason, Mrs Perry, Mrs Arroyo

Subject Overview

Key Stage 3

Students are taught modern languages using an optimal mixture of traditional and creative strategies. We teach French and Spanish from beginner level but aim to complement students' language learning at Key Stage 2. We aim to develop the following skills equally throughout each year:

- Listening
- Speaking
- Reading
- Writing

In Year 7 students study French and in Year 8 they have the opportunity to learn Spanish as well. Many of our students go on to study two languages at GCSE or higher but all have the opportunity to study at least one.

Key Stage 4

We begin our GCSE courses in Year 9 and they are completed in the summer of Year 11. We follow the AQA specification for all three languages.

Post 16

We offer French, German and Spanish at A level and we follow the AQA specification.

Teaching Aims and Objectives

The Modern Languages Department aims to make students passionate and excited about learning languages. We wish for our students to be inspired and confident in their abilities and to be able to be well-equipped to use their languages for a range of purposes, both within the classroom and beyond. It is our belief that students should be taught the necessary skills to be able to solve problems, to communicate effectively, to take risks in their learning so that they are not afraid to make mistakes and to be keen to improve their work in all areas. We ensure that students are taught grammar thoroughly so that they are able to access more complex language for themselves. We also work to develop students' literacy, numeracy and ICT skills as we move through the course.

Homework Expectations (Including ICT resources and websites)

Students in Years 7, 8 and 9 are set homework once per week. Students will be expected to learn vocabulary relevant to the topics being studied.

GCSE students are set homework twice per week to meet the demands of the course.

AS/A Level students are expected to support their study with extra exposure to authentic language materials and wider reading. This is in addition to essays set.

It is expected that AS/A level students will do one hour of homework or private study for each hour of teaching time they have in school.

Students will need access to the internet to extend their learning through the completion of independent research, reviewing grammar keeping up to date with foreign language news items. Teachers may also book computer rooms within school according to the needs of the course.

Websites used and/or recommended by the department:

www.samlearning.com - KS3 and GCSE. All students have access to this and teacher may set homework tasks on here which are then marked and can be checked in class.

www.languagesonline.org.uk - A free and useful resource for practising KS3 languages

<http://www.bbc.co.uk/schools/gcsebitesize/> - Useful for GCSE revision and study

<https://www.vocabexpress.com/>

www.kerboodle.com - Used by teachers of GCSE and A level classes. All Post 16 students have their own log in information to allow access for homework and revision.

www.quizlet.com – Recommended for learning and practicing vocabulary for French, German and Spanish. Students can have their own account and create their own quizzes to aid revision.

Extra-Curricular Opportunities

All Year 7 students have the opportunity to take part in the Foreign Language Spelling Bee. We enter a small number of finalists in the regional finals each year and we are hoping to compete at a national level again this year. <http://www.flspellingbee.co.uk/>

Every two years, Year 8 and 9 students studying Spanish are offered the opportunity to undertake a Spanish exchange trip to Tarragona in the North East of Spain. This is an ideal chance to experience the culture, family life and cuisine of Spain as well as practise their Spanish.

There is also a German exchange with 'Fallerleben Gymnasium' near Wolfsburg, Germany. This exchange has been running for over 25 years and has been highly successful since its beginnings.

New for 2016, a French exchange to Bréhal, Normandy will be launched for Year 8 and 9 students.

The department is proud of and passionate about the exchange programmes on offer.

Marking and Assessment

Students' work is marked in line with school policy and students are given both verbal and written feedback on their work. They are also expected to engage in written dialogue with their teachers to improve their written work. Teachers show students how to support each other in lessons by using peer assessment and self assessment to evaluate their work.

All Key Stage 3 students are assessed after each unit of teaching and these assessments cover all four key skills (listening, speaking, reading, writing). There are also end of year examinations for all languages at Key Stage 3.

Year 10 and 11 GCSE students are assessed regularly although the majority of their assessed work is their controlled assessment (two speaking tasks and two written tasks which form 60% of their final GCSE grade). They are also given smaller tests in all four key skills of listening, speaking, reading and writing to check their general progress.

Year 9 French and German students will be starting the preparation for the new GCSE course. This will be a linear course which means there will no longer be a coursework element. All students will be examined at the end of Year 11 in all four skills: listening, reading, speaking and writing.

Examinations

All Key Stage 3 students will have internal examinations at the end of each year.

GCSE students will sit their final examinations in French, German or Spanish at the end of Year 11. These form 25% of the final GCSE grade and listening, speaking, reading and writing are all assessed separately. There is no coursework.

A level students will have one speaking examination at the end of the course in Year 13. Additionally they have two examinations which assess: listening, reading and writing. There will also be annual mock examinations and regular tests which do not count towards the final mark. We hope to be following the new AQA Kerboodle course and book.
