11 October 2022

Dear Parents and Carers

I would like to invite your child to participate in a science enrichment day at The Emmanuel Centre in London, on Tuesday 8th November 2022. The sessions are engaging and the presenters have been selected to inspire and challenge students. There will be a series of lectures delivered by leading lights in the science field.

- Professor Jim al Khalili – Quantum Biology
- Dr Lucie Green – Space Exploration
- Dr Helen Czerski - From Bubbles to Oceans: the big wide World of Fluid Dynamics
- Dr Jessica Wade – Plastic Electronics
- Dr Simon Singh – The Big Bang
-

Further information can be found at

https://sciencelive.org.uk/alevel/event_categories/londonphysics/.

The day will be fast moving, exciting, and thought-provoking, and will give students the chance to raise issues with the scientists. Each student will receive a useful revision guide to take home. In addition, an experienced Physics A-Level examiner will be there providing top tips to improve exam success, which will also be included in the booklet.

We are asking for a contribution of £43.00 to cover the cost of this educational visit. As per our charging and remission policy, this educational visit will only go ahead if we are able to cover the cost through voluntary contributions. This fee covers the costs of the ticket and the train fares. We will leave Banbury train station at 8.40am so students must be at the train station by 8.25am. We should return by 5.45pm, so alternative transport home from the train station needs to be arranged if necessary.

I hope that you will allow your child to participate in what should be an interesting and inspirational day. If you would like your child to attend, please complete the attached reply slip and return it to the Finance Office by Friday 28th October. Our preferred payment method is now online, via ParentPay.

Archery Road, Middleton Cheney, Banbury, Oxfordshire OX17 2QR
Telephone: 01295 711567 E-mail: enquiries@chenderit.northants.sch.uk
