

Intouch

CHENDERIT SCHOOL A VISUAL ARTS COLLEGE

SEPTEMBER 2016

From the Head

I offer all in our community a warm welcome to the new academic year and am especially pleased to be able to welcome our new Y7 and Y12 students and their families to the school. I hope this newsletter gives everyone a flavour of the work and the range of activities we undertake at Chenderit and that the students in particular are inspired by all that is available to them.

You may have seen my blogs or the news in the local press about our recent A level and GCSE successes. At A Level, we are again celebrating very many successes, marking another year of strong academic and personal achievements for students at our school. 23% of all results are graded A* or A (improved from the 20% achieved last year) with 48% of all results graded A*, A or B (against an aspirational target of 44%). Of course, there are many tales of personal success that go unreported and so I am thrilled for all of our A level students who, with the support of parents/carers and staff, achieved superb results and secured many excellent post 18 destinations, including places at the University of Oxford and within the very competitive field of medicine.

At GCSE we are delighted to report that 68% of the 171 Year 11 students achieved 5 or more GCSEs at grades A*-C grades, with 60% of all students achieving 5 GCSEs including English and maths. The new progress 8 measure shows that the school's students made more than expected progress overall and performed in line with the fabulous achievements of students in 2015.

For me, these results mark a year of excellent academic and personal achievements for Key Stage 4 and Post 16 students, demonstrate that our school provides high quality education to students in this area and, very importantly, shows that our students are challenged and supported to achieve their very best. Of course, exam results are only part of the story!

This year, once again, we have a range of extra-curricular opportunities on offer which I urge you to explore on our website – please encourage your child(ren) to get involved in activities beyond the classroom if this isn't something they would usually engage with. Some of the many benefits include: learning time management and prioritising skills; getting involved in diverse interests; learning about long term commitments; making a positive contribution to the school community; raising one's own self esteem; building solid relationship skills and of course, involvement beyond the classroom always looks good on future applications!

I hope this edition of Intouch provides you with a great sense of all that Chenderit is and I look forward to meeting with many of you during this school year but, in the meantime, I extend my very best wishes to all for another successful school year.

Jane Cartwright Headteacher

Chenderit School celebrates DofE success at Buckingham Palace

On 16th May 2016, Jane Cartwright, Headteacher, and Chris Davies, Duke of Edinburgh Coordinator, from Chenderit School in Middleton Cheney attended a once in a life time Duke of Edinburgh's Award (DofE) Gold Award Presentation at Buckingham Palace, London. At the event they were presented with a special plaque from the DofE Charity by celebrity supporter Jo Malone, acknowledging the school's commitment to running the DofE and thanking it for giving young people the opportunity to transform their lives.

The DofE is celebrating its Diamond Anniversary throughout 2016, having supported millions of young people in the UK and across the globe to achieve DofE Awards since it was founded in 1956. The prestigious Gold Award Presentation at Buckingham Palace is one of many memorable events taking place to celebrate 60 years of the Charity.

Members of the Royal Family; HRH The Duke of Edinburgh, HRH The Earl of Wessex and HRH The Countess of Wessex, congratulated those that were present including young Gold Award achievers, organisations that deliver the DofE and special guests such as corporate supporters and DofE Diamond Challengers, who have set themselves a personal challenge to raise money for the DofE Charity in its anniversary year.

Chenderit School has been delivering the DofE for a number of years and since then, many of its young people have achieved a DofE Award after volunteering in their community, learning a skill, getting fit, going on an expedition and, for Gold, taking part in a week-long residential. Doing a DofE programme significantly impacts young people's futures, enabling them to develop vital skills for life and work, such as confidence, commitment, resilience and team work. Widely acknowledged as the world's leading achievement award for young people, Chenderit School holds a licence to deliver DofE programmes to anyone between the ages of 14-24 years old.

Chris Davies, DofE Manager at Chenderit School attended the presentation. Speaking proudly about the school's involvement with the DofE, Chris said: "Chenderit School has held a licence to deliver the DofE for 3 years and I feel honoured to have been invited to Buckingham Palace to receive a commemorative plaque to acknowledge and say thank you for our work with the Charity during its Diamond Anniversary year. Our young people are encouraged to push themselves outside of their comfort zones when doing their DofE and the skills that they develop can be life-changing, so for us to be involved is something very special."

Peter Westgarth, Chief Executive of the DofE Charity said: "Through the DofE, Chenderit School is inspiring the success of its young people; equipping them with the attributes and skills to get a job and build strong relationships whilst opening up their worlds and introducing them to a broad range of interests. We are truly grateful to all of our Licensed Organisations for the work that they do, they are an integral part of the DofE family, and our Diamond Anniversary is a fantastic opportunity to say thank you."

Currently, there are over 300,000 young people doing a DofE programme across the UK through a variety of centres including both state and independent schools, special schools, businesses, prisons, young offender institutions, housing associations and youth groups.

To celebrate its 60th year, the Charity has launched the DofE Diamond Challenge. This one-off initiative allows people of all ages to take on a DofE inspired challenge and earn their Diamond Pin. Signing up to The DofE Diamond Challenge has an amazing double benefit – whilst challenging yourself, pushing your boundaries, you're also raising money for the DofE Charity so that it can transform the lives of more young people and offer free places and bursary grants to those most in need.

Visit www.DofE.org for more information about the DofE, and to find out how you can support the Charity in its Diamond Anniversary year, go to www.DofEDiamondChallenge.org.

The Michael Heseltine Gallery

REVOLUTION
MAKE THE WORLD A BETTER PLACE

“Be the change you wish to see in the world”

“Revolution” is this year's opening exhibition at The Michael Heseltine Gallery at Chenderit School. The exhibition documents and celebrates responses to Chenderit School's 2016 Summer Assignment, which challenged students and staff alike to “make the world a better place”.

This is a “must-see” exhibition, with an immense “feel good” factor. If ever you have doubted the power of art and education to change lives for the better, this is the exhibition for you.

The exhibition contains several interactive activities to take part in and you are invited to bring along books, ideas and even your favourite recipes (or indeed anything else!) to share with others. We hope to see you there. Be part of The Revolution!

Tom Christy Head of Art, Chenderit School

FRIDAY SEPTEMBER 16TH (PRIVATE VIEW 6-8PM) – FRIDAY OCTOBER 14TH OPEN: MONDAY – FRIDAY 9AM-4PM

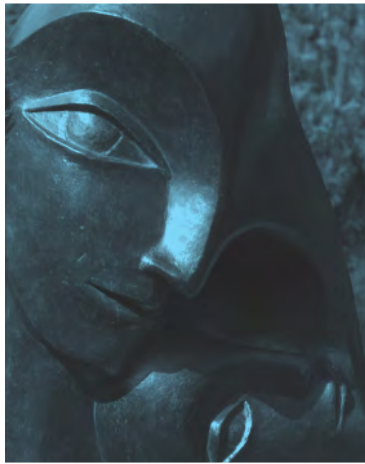

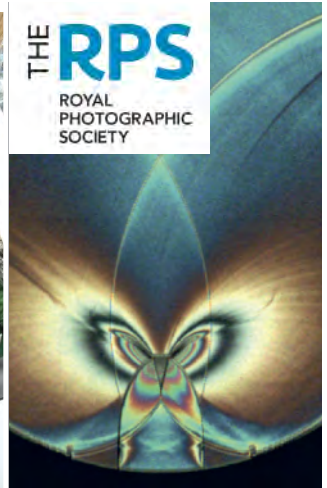

The Michael Heseltine Gallery

Since September 2003, Chenderit School has been fortunate to be one of only a handful of schools in the country to have its very own purpose built gallery. The gallery was built to coincide with the school being awarded "Specialist Status" in the visual arts and its construction was sponsored by altruistic local businesses as well as a special government grant.

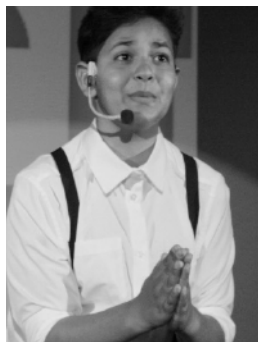

The gallery has hosted some fabulous exhibitions in that time: internationally renowned artists such as Peter Blake and Eduardo Paolozzi; great British artists such as Ian Murphy and P.J. Crook and legendary local artists such as Caroline Chappell and The Oxford Printmakers. As such, the gallery is a focal point for the visual arts within the Chenderit community and beyond, as well as providing inspiration to the art students in the school. Our gallery has been described as a hidden gem of Banburyshire – sometimes overlooked because of its rural location and school setting.

Now that extra funding for specialist status schools has been withdrawn by the government, Chenderit is looking to find alternative ideas for the successful running of the school's gallery. We are hoping to recruit a team of enthusiastic and interested individuals to work together to ensure the gallery continues to be an inspiration to our students, parents and the wider community and to work with the Art Department to develop the gallery provision.

If you, or someone you know, would like to be involved, or is interested enough to find out more, or would simply like to join the mailing list to be informed of up and coming exhibitions, please contact: Maureen Risbridger mrisbridger@chenderit.northants.sch.uk

Youth Music Theatre Success

Kiran Long, a year 10 student who is involved in many of the school's productions has been accepted into YMT (Youth Music Theatre). YMT is a charity based company that helps young performers across the UK and Ireland reach their full potential and showcase their amazing talent at a national level. We asked Kiran a few questions about it:

Can you describe the audition process?

"I was tested in all three components of performing arts: drama, singing and dance, as well as leadership skills and improvisation. The whole process took three hours and took place in the Pegasus Theatre, Oxford – I had to learn a dance, perform a song and recite part of a script. Many auditions were held around the UK; over 1000 auditioned with a mere 300 accepted."

What show are you doing?

"The show is called 'Maelstrom'; it is about a mannequin with a camera as it records its journey down a whirlpool in the ocean. When I am there I will be working with many professionals and meeting many other young performers like me. The show is performed twice after a two week long course at Aberdeen College, starting on the 23rd July."

What will happen after the show?

"At the end of the course I will have achieved a Trinity Grade 8 for Musical Theatre in Production. As well as being accepted onto the course, the grade will also look impressive on my CV. After the event, I will have many more connections with others that are competing in the industry; this will be beneficial for the future. Overall, this is an amazing opportunity and I hope many more will follow. I am extremely excited to see what the future holds!"

Musical Theatre Society

In June 25 students from Musical Theatre Society performed a selection of songs as part of the 'Northamptonshire Festival of Performing Arts' on the main stage at The Royal and Derngate Theatre, Northampton. The students had a fantastic day, and really rose to the occasion, with superb performances from all. The students enjoyed performing in a professional theatre, and are keen to go again next year!

STOP PRESS Megan Lapper (Year 13) performed at The National Theatre, London on June 30th as part of The NT Connections! Her performing arts group was selected from tough competition across the country.

Brackley and Cheney Music and Performing Arts

Registration opened on Saturday September 10th and classes started on the 17th. Continuing to offer an exciting range of Music, Art, and Musical Theatre and Drama groups for Primary and Secondary aged children. It also provides fantastic performance and workshop opportunities.

The centre is held at the Southfield Primary Academy in Brackley from 9:15am to 12:15pm, ALL are welcome to visit on ANY Saturday morning during term time with no obligation. If you would like more information, contact Janine Mold – Centre Head via email at brackleycheney@NMPAT.co.uk, or telephone the Trust office on 01604 637117. Alternatively, you can visit the NMPAT website: www.NMPAT.co.uk/brackleycheney

Chenderit welcomed 176 Year 6 students for 4 days

They came from 26 different primary schools. The students followed a timetable, found their way around school, used the canteen and made new friends. Mr Christy also introduced them to the "Make the world a better place" project which we set students to complete over the summer holiday. We look forward to hearing what the students have tried and completed and to seeing the displays in our gallery.

Celebration Evening!

Our annual Celebration Evening was held on Friday 8 July. Guest of honour, Victoria Prentis MP, encouraged students to get involved in politics, starting with local issues and showed students that they could aspire to change the world.

Teachers had nominated over 150 children for awards. Students were awarded prizes – either a book or a trophy – for excellence or progress this year in specific subjects. It was also the opportunity to celebrate the hard work of students across a range of subjects and for involvement in sport, debating and the Duke of Edinburgh scheme. The Musical Theatre Society and Year 7 linguists provided entertainment – with music from Rent, Mary Poppins and a song by Mika sung in French. The evening concluded with trophies given to those who have given time to the school or wider community, showing leadership or commitment to helping others. Most of all, we hope the evening inspired our students to make even more effort this year so they can receive an invitation as a prize winner to the Celebration evening for 2016-2017.

Enterprise, Initiative and Empathy

THE MICHAEL HESELTINE LEADERSHIP CUP – Emma Whitehouse
For the leadership of others

MFL IN THE NEWS...

German Exchange to Fallersleben Gymnasium, Wolfsburg

Between Saturday 14th and Saturday 21st May, 33 Year 8 and Year 9 students travelled to Fallersleben, near Wolfsburg, Germany for the second leg of the German Exchange. They were formally welcomed to the school by the Headteacher, Mrs. Akkermann, who spoke passionately and proudly about the exchange between Fallersleben and Chenderit which has now been running for three decades. This was also a special occasion for our German partner school which has just celebrated its fortieth anniversary.

The students spent the week staying with their German host families and went on a range of excursions with Chenderit staff; a highlight of which was a day at the Heidepark theme park with their exchange partners. Other visits included the Harz Mountains and the historic town of Wernigerode and its castle, a tour of the former border between West and East Germany at Helmstedt-Marienbron, and a visit to the Volkswagen Auto-Stadt factory which also included a guided tour. The group was also invited to meet the mayor of Fallersleben at the town's castle and the local press was there to report on the event.

The exchange programme offers students the chance to explore new cultures, practise their language skills in an authentic environment and hopefully they will now have a new friend for life. Many of the participants have chosen German as a GCSE option and came back feeling inspired and enthusiastic about their future German studies.

A huge thank you to all staff, students and parents for their support of the German exchange this year

Year 9 and 10 French Exchange

At the end of May, some Chenderit Y9 and 10 students welcomed the return of their French partners following our trip to our Normandy partner school in March. They played host for the week and involved them in a range of activities outside school, for example trips to Stratford, London, Cadbury's World and several trips to the bowling alley.

The French students also visited Oxford, Christ Church, Warwick Castle and Waddesdon Manor. Added to this, they spent one day creating an animation film to represent their imaginary trip to England. Thank you to Mr Osborne for leading this!

The French students enjoyed the welcome and kindness showed to them during their trip on what has been a very successful French Exchange and the English students will hopefully continue the French links they have made for some time to come. **Mrs Cochran**

Year 7 perform French songs for new Year 6

In July the school welcomed its new Year 7 students (current Year 6) for their transition week to prepare them for starting school, an important part of this week included the Year 6-7 Transition Evening for parents. A group of our current Year 7 students were on hand to perform a pop song in French for our new students; they had been chosen for this event due to having won the Year 7 Francovision singing contest in the school earlier in the academic year.

The MFL department conducted the project in the autumn term to motivate and inspire students in their learning of languages and it was very positively received. The performance for our new Year 6-7 parents was also very successful and the students were excellent ambassadors for language learning but also for the school as a whole. Many thanks to: Mrs. Cochran, Mrs. Boothman and Miss. Hunter for their help with this event.

Years 8/9 Bowling Trip

On 12th July Ms Boothman and Mrs Rigby (Head of Year 9), tutors Mrs Kennedy, Miss Montague, Mrs Wilden, Mrs Bagga and Miss Ball all accompanied the following students to the MFA Bowl in Banbury: Year 8: Aliza Rahman, Charlie Jay, Alexander Hay, Gemma Howe, Morgan Dennison, Lily-May Webster, Athina Basio, Caitlin Donohoe, Kelly Newman, Matthew Marsella, Megan Oberhoizer, Ethan Morgan and Ella Manning Year 9: Luke Sutton, Hannah Prew, Lucia Mullings, Nicole Bulworthy, Meg Hart, Emily Hudson, Ethan Smith, Jacob Gray, Rebecca Glenn, Max Reeves, Hannah Woodcock, Naomi Dibb, Milly Ayres and Charlie Bracke.

The students were chosen by their tutors for their excellent attendance, SIMS logs or for being a School Council representative. A fun time was had by all, bowling and playing on the other games on offer and even the teachers joined in! We are hoping to run a similar trip next year so students need to focus on achieving as many positive SIMS awards as they can.

Year 7 Black Country Museum Trip

All of Year 7 visited the Black Country Museum in Dudley at the end of April as an introduction to their Year 7 History course in the summer term. Hosted by guides in costume, Year 7 were shown how people lived from the late 19th to early 20th century.

We put on hard hats to go 'down the mine'. We received a lesson in timetables and handwriting in the Victorian school. We even visited a range of shops and factories from a pharmacy to an animal trap maker, from a public house to a hardware store. Some children had the chance to play Victorian street games or even eat 'dripping fried' traditional fish and chips. Since returning to school this experience has been an invaluable shared experience to explain the living conditions of people in the past.

Year 7 Camp

Staffordshire was the venue for Year 7 camp this year. We all slept under canvas. Students were given the opportunity to work with others from across the year group, making new friends. Many of the activities allowed for team building. All students experienced new activities which required resilience. They included a climbing wall, low ropes and high ropes, raft building and archery. One half day was taken up by a 5-mile hike which all students completed which involved map reading to navigate their way.

Unfortunately, the weather was not good. All students (and staff!) had to develop ways to keep dry and positive. The centre was proactive and provided us all with a warm hall, hot chocolate and dry water proofs. All the students kept cheerful and with true British spirit just got on with it. They are all to be congratulated.

Year 9 Camp 50% attendance

Between 20th and 24th June, Year 9s attended High Adventure Forest Camp within the heart of Cheshire; all of the students took part in a wide variety of activities in mixed groups and socialising with others.

Our experience at year nine camp was incredible. The activities ranged from water sports, orienteering to high ropes and climbing, as well as the opportunity to make new friends and meet new people. Some of our favourite parts were the team activities which allowed us to interact with each other; one of these activities was the raft building where we had to work together to create a stable raft. Many of us fell in to the lake pulling others in to join us. One of the most memorable things was the independence which we experienced as well as the responsibility. This all started in the morning when we had to prepare our own lunch and wash our dishes and mugs, it then went on throughout the day where we had to keep our tents clean as well as ourselves. We spent our free time socialising and laughing with others, as well as taking part in the highly entertaining evening activities. Lastly we would like to thank the teachers, governors, sixth formers, and parents who made this experience possible. A special thanks can go to the sixth formers, Megan Button, Emma Whitehouse, Amy Passey, Ellie Scarlett, as well as the staff, Mr Davis, Miss Bruce, Mr Williamson, Mr Scott (school governor), and a special thanks to Mr Fitton who took charge and organised arrangements and events leading up to the trip. All staff from Chenderit and High Adventure where extremely helpful and provided twenty four hour care. We highly recommend this opportunity to others within the school to go!

Thalia Stinton, Jena Hay, Anne Young (Students)

Positive SIMS

As we begin a new school year, staff at Chenderit would like to celebrate the successes of those students who achieved particularly high numbers of positive SIMs and no (or very, very few) negative SIMs during 2015-2016; listed below are the most outstanding students from each year half (7-11). Students achieve positive SIMs in recognition for their good progress, positive attitudes, outstanding work, contributions to both lessons and our school community and for many more reasons than it is possible to list here. I sincerely hope that all students and their families feel a sense of great pride and accomplishment for these achievements and are commended by all for what is truly praiseworthy.

As we begin a new school year, please be aware that it is our intention to inform parents about how many positive and negative SIMs your child has achieved since 1st September 2016 through the academic reports we shall be sending home during the year.

Celebrate Success!

Exams

From 4th July 2016 I took over the role of the Examinations Manager and I would like to take this opportunity to thank Mrs Knight for her support in the handover of the role.

Please note my contact details supplied. If any student, parent or carer has any questions or general queries regarding exams then please feel free to contact me.

I will be working closely with all staff in the school to ensure all the exam arrangements run as smoothly as possible in the ever changing process. The majority of exams run in May and June, but those students wishing to resit their English or maths will have the opportunity to do so in November 2016 (teachers will be able to provide more details). Mocks for Years 10 – 13 are ongoing all year and the dates will be communicated separately.

The Examination Handbook will be available to all students during the first term which includes information from the Joint Council for Qualifications (JCQ) that all students will need to read and adhere to.

Certificates for exams taken in summer 2016 will be available from the beginning of November. Notices will be in school and on the website when they are ready.

Thank you for your support.

Nicola Barlow Examinations Manager

nbarlow@chenderit.northants.sch.uk

Lots Going On...

Microbit

In July 2016 students in year 7 had the opportunity to program a Micro Bit. They have used a web-based programming interface to do many things, including flashing up numbers, letters and scrolling messages on the LEDs. Plus, since there's a built-in accelerometer and compass, it can detect movement and tell us which way it's pointing.

It has on-board Bluetooth, so it can communicate with other Bluetooth devices including tablets, cameras and the increasing number of smart home gadgets. There are also five rings which work with crocodile clips or 4mm banana plugs. Using these, students can attach more sensors including thermometers, moisture sensors, proximity sensors and more.

The Micro Bit can also act like a USB flash drive when connected to a PC or phone so programs can be dragged and dropped onto it and its power comes from two AAA batteries.

This summer many students have set themselves projects to develop and build practical solutions to real life problems. For more information please go to <https://www.microbit.co.uk/>

We have recently installed 'Impero' across the whole school network to allow us to enhance our protection of students when they are working and using the internet. The software empowers teachers to be able to control features for all PC's, Macs and laptops. It also enables teachers to demonstrate and distribute work and messages to multiple student computers.

Deddington Writing Competition

The English Department is very proud of four year 7 students who were shortlisted in a writing competition this term. Charlotte Bowman, Rosie Gee, Martha Gardiner and Yeva Maynard all wrote 500 word stories based on the theme 'A Fork in the Road' for the Deddington Writing competition.

The stories covered varying themes (from weddings to post-apocalyptic worlds) and used impressive imagery and vocabulary. The students were invited to the awards ceremony and all four stories have been published. Well done!

Future Olympian!

FEVA 2016 NATIONAL CHAMPIONSHIPS IN WEYMOUTH

Kate Byne (Year 9 student) has been sailing since the age of 8, she sails all year round and took part in the winter squad training last winter, which helps with fitness levels and techniques.

There are a lot of classroom sessions as well as hours of sailing. The classroom sessions include food, hydration, exercise and fitness testing, relaxation, team building and talks from Olympic sailors/coaches on their experiences good and bad. The squads consist of 10-15 children from all over the UK. Her most distant sailing friend is in Melbourne, Australia and they regularly keep in touch via e-mail.

Over the May Bank Holiday Kate attended The RS Feva National Championships and Euro Cup took place over 4 days from 28th - 31st May 2016 at Weymouth and Portland National Sailing Academy. This event is held each year at different locations around the country.

Kate did exceedingly well and we are so proud. She (with her team mate) were only 4 places behind the European and World Champions, and spent most of the event head to head on points with them. Kate has proven to be a very good sailor. There was almost no preparation or the event as the team was sailing different classes of boat during the lead up to this event.

Healthy Eating

Healthy Eating Week is a nationwide initiative run by the British Nutrition Foundation and is aimed at students in KS1, 2 and 3. We decided to take the opportunity to participate in this event this year, primarily to encourage our students to make healthier eating choices, particularly when at school.

The school canteen devised a new menu for the week with some really different meals, but also with healthier twists on student favourites such as piling the vegetables on top of pizzas. Our brilliant year 10 Food Technology group agreed to participate in the week and worked with students in KS3 during some tutor times. We baked some healthy treats during the week with a vegetable theme (think sweet potato brownies and parsnip and apple cake!) and ran a little competition to see if students (and teachers) could identify the mystery ingredients.

A year 8 Food Technology group participated in a BNF "cook along" during their lesson and made fruity burgers and coleslaw. It was really encouraging to see students trying new foods at break and lunchtime and many healthier eating discussions taking place amongst the students. We work throughout the year with students, teaching food preparation skills and an awareness of the relationship between food and health. We truly believe that this improves learning and longer life chances. We look forward to cooking with our students again this year and participating in Healthy Eating Week 2017.

Jo Rowe Head of Food technology

Chenderit has invested in the Zumos programme with the aim of improving students' emotional wellbeing and resilience.

Zumos provides students with expert written peer reviewed motivation support, vocal recording, anonymously accessed by students, with further support information in the form of web links, helplines, suggested reading, books and videos, all which have been passed through a due diligence procedure. Chenderit is able to see anonymised statistical information on what students are accessing and all information is fully controlled by Chenderit. For further information go to www.insight4life.co.uk

We encourage parents to take a look at the site and discuss this with their children. www.insight4life.co.uk

TERM DATES 2016/17

2016

TERM 1 - ends	21st October
Staff Training Day	31st October
TERM 2 - School re-opens	1st November
Term ends	20th December

2017

Staff Training Day	4th January
TERM 3 - School re-opens	5th January
Term ends	10th February
TERM 4 - School re-opens	20th February
Terms ends	31st March
Staff Training Day	18th April
TERM 5 - School re-opens	19th April
Bank Holiday	1st May
Term ends	26th May
TERM 6 - School re-opens	5th June
Terms ends	21st July

Staffing Vacancies

We currently have vacancies for the following:

EXAM INVIGILATORS
EXAM READERS
EXAM SCRIBERS
ADMINISTRATIVE ASSISTANT/
FIRST AIDER (Closing date: 9am
Monday 10th October 2016)
CLEANERS

Please contact Bev Martin for further details should you be interested in any of our vacancies: bmartin@chenderit.northants.sch.uk or 01295 711567 Ext 216

Safeguarding

REMINDER - all students (Year 7 - 11) must be collected by parents/carers from main school reception when leaving during the school day for appointments etc.

100% Attendance 2015/16

WHY IS GOOD ATTENDANCE IMPORTANT?

Good attendance at school is vital for students to achieve their full educational potential. Students with good attendance records benefit in the following ways:

- Continuity of learning which makes progress easier
- Improved performance in classwork and homework tasks
- Enhanced performance in examinations
- Continuity of relationships and friendships
- Good references for further and higher education, apprenticeships or employment
- Good habits are formed for later life.

WHAT CONSTITUTES GOOD ATTENDANCE?

An attendance percentage needs to be in the high nineties before it can be considered good. Consider the following examples over the course of a school year:

10 days absence:

95% ATTENDANCE = 50 LESSONS MISSED

20 days absence:

89% ATTENDANCE = 100 LESSONS MISSED

29 days absence:

85% ATTENDANCE = 145 LESSONS MISSED

38 days absence:

80% ATTENDANCE = 190 LESSONS MISSED

47 days absence:

75% ATTENDANCE = 235 LESSONS MISSED

Research states that having 20 days off school (89% attendance) every year means that a student will probably obtain a whole grade lower in their exams than they are really capable of. Students with less than 85% attendance are unlikely to gain 5 A*-C GCSE qualifications. Missing 19 days (90% attendance) every year over 10 years of a school life = 1 whole year of school.

In order for an attendance record to be good it must be 96% or above:

100% = EXCELLENT ATTENDANCE

98% = VERY GOOD ATTENDANCE

96% = GOOD ATTENDANCE

NQTs

We have been incredibly fortunate to have had an excellent group of five NQTs (Newly Qualified Teachers) with us this year, a number of whom were able to take up their post in July, helping them to get off to a flying start in September. Four of the five have been recognised as 'Outstanding' NQTs at County Council level for the skills, hard work, commitment, incredible contribution and initiative that they have demonstrated throughout their NQT year. As noted by the Senior Administrator for NQTs at Northampton, thanks must also go to the teams who support our new teachers 'brilliant NQTs are usually helped to realise their potential by teams who are responsive to their needs, encourage and support, and allow them to make mistakes and learn from them.' Our thanks go to our induction tutors too and the wider Chenderit team, for their brilliant support and care. We wish all of our NQTs the very best for their future careers and look forward to hearing of their future successes.

Beverley Reed Professional Tutor July 2016

"My teachers encourage me to work hard, and achieve the best that I can. I know my teachers do everything possible to help me and I enjoy working with them to ensure I can secure the best grades possible."

Year 10 student

Each year, a large number of students in every year group achieve 100% attendance, showing that this is an achievable target. To the end of summer term, the following students are to be congratulated for having 100% ATTENDANCE:

South Northants & Daventry School

Sport Partnership

CHENDERIT SCHOOL CLUSTER PRIMARIES

The summer term was a little less busy this year, due to the inclement weather meaning both rounders and the Year 3 and 4 Quaddkids athletics competitions had to be cancelled.

However, we had Year 5 and 6 Quaddkids competitions, which is a team competition with 5 girls and 5 boys from each school competing in 4 athletic events (long jump, vortex throw, 600m and 75m). There were many individual winners, but the overall team competition was won by Chipping Warden.

Chipping Warden were also successful in the cricket festival, which took place in glorious sunshine early on in the summer term.

St. Loys Primary Academy went to the Schools Summer Games representing South Northants and Daventry in the 'Change4life' sessions.

Eight of our Year 10 Sports Leaders attended a South Northants & Daventry training day in May at Towcester Leisure Centre, in preparation for leading activities at the Schools Summer Games on 7th July at Moulton College. They lead primary school competitions in archery and multi-skills. Well done to Tirion Jordan, Annabel Rutherford, Harry Gardiner, Rachel Cox, Alana-May Webb, Hayley Toon, Leah Davis and Tegan Davis.

Our final event of the year took place on Thursday, 14th July and was a Year 1 and 2 multi-skills festival. The children were split into country teams, to emulate this year's Olympic games in Rio, and took part in 15 different sporting activities throughout the afternoon. There were over 80 sports leaders from Years 7 – 10 leading these sessions and working closely with the children.

A big thank-you to the sports leaders throughout the year, who have ensured that the festivals and events can take place, by often volunteering their own time after school.

"For a small school we have a really good take up rate wanting to do the sports, it has been really positive response back from the children and the parents that watch."

"Wide range of well organised cluster competitions provides friendly, stimulating opportunity for a wide number of students to experience intra school competitions."

"Wonderful to see older students acting as role models and showing the opportunities younger students can have."

"The parents at our school have commented on how wonderful it is that children from Year 1 upwards get to take part in PE activities at their local school. It puts Chenderit on the map and keeps it at the forefront of their minds when thinking about choosing secondary places for their children. The sports leaders are a brilliant face for the school as they are so well behaved and approachable to parents and children alike. It is a real strength of Chenderit which makes it stand out as a super secondary school."

Year 10 Plate County Cup Final

The year 10's had a very successful season, the highlight of which was winning the Year 10 plate county cup final against Wrenn School from Wellingborough.

The game was played at "The Saints", Northampton RFC. Prior to the game both teams enjoyed a guided tour of the ground, including a visit to the changing rooms and trophy room. It was a hard fought game with a lot of quality on show. Decision making was of high quality alongside excellent teamwork which produced a comfortable win, in the end of 32 to 18.

Team: George Uzolins, Ollie Farr, Euan Edwards, Elliott Gunter, James Roberts, Lewis Dear, Lewis Wheeler, Ben Ream, James ream, Josh Wynne, Huw Reece, Oscar Triggs, Harry Horrocks (Captain), Josh Reynolds, Connor Gibbs and Matthew Poole.

Mr Hebden Deputy Head of PE

Primary Year 1 & 2 Multi-Skills Festival

On Thursday, 14th July 285 Year 1 & 2 students from 8 of our Cluster Primary Schools came to Chenderit to take part in an Olympic themed multi-skills festival for the afternoon. Students from Years 7 – 10 were responsible for leading the event, acting as Country Team Managers, Activity Leaders and Festival Managers throughout the afternoon.

Well done and a big thank-you to the following students:

Year 7

Kyle Dancer
Jamie Oxley
Jena Tomkins
Ellie Washbourne
Ellie Jarvis
Kelci Betts
Jodie Leonardi
Jasmine Kuhn
Lottie Hill
Molly Howkins-Griffiths
Grace Daw
Jasmine Eyes
Lilly Byrne
Emma Martin
Ronan McClean
Isabel Birch
Molly Reynolds
Megan Ballard
Martha Gardiner
Gracie Evans
Rebekah Bailey
Lucy Paul
Izobel Fuller
Megan Cavanagh
Frankie Horrocks
Sophia Vessey
Laura Harper
Grace Carter
Emma McGlammery
Sophie Griffin
Willow Gascoigne
Emily Kate Watson
Libby Tydeman
Lily Rose Judge
Phoebe Browne
Grace Hazell
Katie Oliver
Jenna O'Donnell
Lana Case
Daisy Johnson
Eleanor Birch
Maisey Anthony

Year 8

Lydia Mason
Jessica Roberts
Lottie Hill
Aaliyah Vannoizzi
Caden Bow
Molly Reece
Caitlin Donoghue
Katie Pamphlett
Rachel McClean
Jodie Ewers
Kelly Newman
Bethy Dascalescu

Year 9

Daisy Conroy
Willow Conroy
Lucia Mullings
Thalia Stinton
Nicole Bullworthy
Charlie Bracke
Euan Edwards
Gabi Elder
Max Hunt
Molly Rylott-Byrd
Adam Drummond
Callum Hay
Sam Darke

Year 10

Becky Tuckey
Callie Clement
Ellie Stanley
Olivia Crowshaw
Emily Smith
Tegan Davis
Leah Davis
Rachel Cox
Harry Gardiner
Hayley Toon
Alana-May Webb

Year 12

Emma Whitehouse

Congratulations teams!

House of Lords

As part of an exciting project the PE department was invited to the House of Lords at the request of Baroness Campbell for a seminar and networking session with other colleagues from Northamptonshire. Attending were the baroness herself, the Councillor Matthew Golby of Northampton, Akeem Ali (Director of Public Health and Wellbeing Northamptonshire) amongst other dignitaries.

The event was inspirational, the PE department are planning to roll out the 'My Personal Best' Youth Sport Trust backed programme designed to improve young peoples' resilience and emotional health in recognition of the changing times in education and the wider world.

Mr Vickers Head of PE, Chenderit School

Barrie Walton Effort Awards

Barry Walton was the Head of PE at Chenderit during the 1980's. He sadly passed away very suddenly and these awards are given each year to students in the each Key Stage in his memory.

KS3 Daisy Conroy Jodie Ewers
KS4 Amy Charlton Keiran Brady
KS5 Laura Howlett

The Mike Swann Trophy

Mike Swann was a judge on the 'It's a Knock-Out' Television show in the 1980's (It was a bit like 'Total Wipe Out'). His children came to Chenderit and he was keen to encourage school sport.

He donated the 'Mike Swann' Trophy which is awarded each year to the student who we feel, as a PE Department, has brought the most credit to the school and themselves in a sporting context.

Katie Pamphlett (Year 8) – Katie is a prolific Triathlete, who is achieving great success on the circuit. She is also a talented athlete and has shown a great overall commitment and effort in both curricular and extra-curricular PE.

The Marc Chatfield Trophy

This trophy was presented in 2013 to the school by Marc, an ex-student from the 1980's, who was a very good athlete and still holds several school athletic records today!

This is awarded to the best track athlete of the year, who this year is **Maddie Dowden (Year 7)**.

Community Leadership Awards

Students in Year 10 and 11 have the opportunity (as part of their core PE) to train to become 'Sports Leaders'. As part of this they undertake leading a series of PE lessons with primary school children in their own schools and also helping to organise and run various sporting tournaments and events for primary school children, which take place here, at Chenderit.

Each year Sports Leaders who have been exceptional are recognised; this year the award goes to **Cameron Aris & Toby Oliver (Year 12)**

Colours

Each year Colour certificates are presented to those students who have performed to a high standard during their time at Chenderit and have regularly participated for the school:

School Athletics Records

There are two types of Athletics records kept, those set in competition throughout the season (school record) and also records set on Sports Day.

Congratulations to:

- **Maddie Dowden (Year 7)** who broke a 9 year old school 75m hurdle record in the South Northants Athletic Competition.
- **Katie Pamphlett (Year 8)** who broke both a 10 year old school 1500m record in the South Northants Athletic Competition and a 13 year old sports day 1500m record.
- **Milly Ayres (Year 8)** who broke a 10 year old school record for the 800m in the South Northants Athletic Competition.
- **Gabriel Williams (Year 8)** who broke the 300m school record in the Banbury & District Athletic Competition.
- **Caitlin Donohue (Year 8)** who broke the shot putt record on sports day.
- **Molly Reece (Year 8)** who broke the javelin record on sports day.

Victor & Victrix Ludorum Awards

'Victor/Victrix' means Winner in Latin and 'Ludorum' means Games, so the title translates as 'Winner of the Games'.

Each year we give out a trophy for our 'Winners of the Games' - the best male and female competitors on sports day - so those students who have scored the most points for their tutor group. To qualify you must compete in 2 track and 2 field events.

The winner of the trophy for 'Victor Ludorum' is **Louis Garnier (Year 10)**.

The winners of the trophy for 'Victrix Ludorum' is **Emily Smith (Year 10)**.

School Sports Day - June 2016

Sports Day was another successful day at Chenderit School with 7JJC, 8ACK, 9JAC and 10OMW taking the honours in each year. A huge thanks to all the staff and sixth formers who supported the PE department on the day, it was a great example of our community coming together and working hard, enjoying and achieving!

On Sports Day students compete as individuals and also as part of their tutor group team, so there are 2 different competitions:
