4th September 2020

Dear Parents and Carers,

We have enjoyed having our students back in school this week and are delighted with how everyone has adapted to our new COVID-19 processes and procedures so far. I thank you for your support in helping us to get to this point.

PHE and NHS Test and Trace have asked me to write to you with the following information:

“Testing

The Department for Education has worked closely with Public Health England (PHE) and NHS Test and Trace to ensure that we are doing all we can to minimise the potential risks of spread. A key part of this is the appropriate use of testing to help identify people who are positive and subsequently their contacts. We have made testing available throughout the country and anyone with symptoms can book a test online or over the telephone through 119 to get the certainty they need to protect themselves and those around them.

Crucial to our overall support for schools and colleges is ensuring that everyone with coronavirus symptoms has access to a test as soon as they develop those symptoms. It is vital that we learn from the recent Scottish experience, where the return of schools saw a huge increase in demand for tests from people without coronavirus symptoms. We want to avoid a similar surge in test demand as England’s schools and colleges return to ensure that we continue to prioritise our testing capacity for those with symptoms and to avoid children, students and their families self-isolating unnecessarily.

To ensure we identify those with coronavirus while avoiding a huge increase in demand for tests from people without coronavirus symptoms, we ask that you recommend to your pupils, students and staff who feel unwell, that they get tested if:

- they develop one or more of the main coronavirus symptoms:
 - a high temperature
 - a new, continuous cough

Artsmark Silver Award
Awarded by Arts Council England

- the loss or change of their sense of taste or smell, or
- they are recommended to get tested by a healthcare provider (e.g. GP or nurse)

If a pupil, student or staff member develops one or more of the main coronavirus symptoms described above, only they should be tested. There is no need for their households to have a test, unless they are also symptomatic. Unless a pupil, student or staff member has one of the three main coronavirus symptoms, they should only be tested if instructed otherwise by the local authority, health protection team or their GP. As schools and colleges across England return, pupils and students may feel unwell for example with a sore throat, stomach upset or a headache. These pupils and students don't need to book a test but may need to stay off school or college and seek medical advice through their GP or pharmacist as usual."

I wish you a relaxing weekend.

Yours sincerely
