SCOUT CAMP

- Forest Camp Activity Centre

Overdale Lane,
Sandiway,
Cheshire,
CW8 2EW

- 
- 
- **The camp is designed to provide a true camping experience.**
 - **We are in acres of woodland, not a flat grassy field.**
 - **We use 8 man tents and put 6 young people in them so they have plenty of room.**
 - **Staff have their own tents.**
 - **There is a large marquee to use as a social or meeting space.**
 - **Toilets are not next to the tents**

- 
- 
- **This large wooded camp can accommodate over 200 people in a range of sites, from large open fields to small clearings.**
 - **The toilet blocks have hot water and showers and are equipped with special needs facilities.**
 - **All medical and dietary needs will be catered for.**
 - **Students will be making their own packed lunches each day.**

ACTIVITIES

- 
- 
- They have designed the programme to provide maximum activity per individual, so that each student can get as much as possible out of the trip.
 - We have purposefully avoided activities which, by their nature, mean only one person at a time can take part e.g. abseiling.
 - Activities available include kayaking, rafting, climbing tower, traversing wall, archery, orienteering, a larger 'Low Ropes' course and a nature trail.
