

The Local Offer for Chenderit School

Through the Children and Families Act (2014) a duty is placed on Local Authorities and its schools to set out and publish a local offer. This should provide clear guidance to parents about the services and expertise available locally, increasing choice and control. The Local Offer is complimentary to the statutory duties placed upon Local Authorities and its schools and runs alongside and in conjunction with these expectations. The goal of the Local Offer is not to be constrained by provision within one Local Authority but to map SEND provision across all sectors, through the 9 regions of England and 152 Local Authorities. For further information please see:
