

At abm catering, we do not intentionally use any products that contain either nuts or nut by-products within our school menus. We aim to create our menus using the freshest locally sourced ingredients and the vast majority of our offer is made on site daily.

Nuts in Schools Policy

Current labelling regulations do not however allow us to declare a nut free status. This policy is widely accepted by schools and suppliers are informed of it. We make every effort to keep up to date with new products and changes in products to ensure that, to the best of our knowledge, we adhere to this.

We encourage all parents to inform us of their child's special dietary requirements, ensuring that the management of their allergy can be maintained and supported throughout their school life.

A handwritten signature in black ink that reads 'Susan Johnson'.
